3. **Endorsement of YouDecide**

Motion

Moved: ANDARY Seconded: El Hussein

Be it resolved that council endorse the YouDecide campaign

Ramsey: I'll let Mira explain this more but YouDecide is a campaign that is asking students to sign a petition that is asking for a referendum to see if students still want to be members of the CFS provincially and nationally. You may have students (and maybe even Lit members) going around campus getting signatures for this

Mira: Just for some background, Local 98 has been members of the CFS for 14 years and in those 14 years, the CFS has changed quite a bit. Its important to note that YouDecide is neutral on the question of the referendum itself, YouDecide just wants to be able to have the actual vote. The main thing we are asking for is use of the Lit office as a centralized spot that people can stop by to sign the petition, and when people come into the office hour to sign the petition they'll be able to engage with the Lit more.

Felipe: I think its unfair for YouDecide to present itself as neutral on the referendum, this is clearly an effort to exit the CFS and we should be honest about what we're endorsing. Another concern is that I feel like this might reverse the role the Lit has amongst students, we'd be trying to influence their opinion on larger politics. The Lit shouldn't tell society members whether or not to support YouDecide, the society members should tell the Lit.

Mira: I don't think this is us telling society members what to think about campus wide politics, it is just us making it easier for people who DO want to get involved

Felipe: If the goal is only to provide a platform, the motion should be amended to reflect that

Sylvia: The rhetoric that YouDecide is using is completely neutral, whether or not the people running it are. This isn't an anti-CFS campaign, this is a campaign for a referendum. YouDecide is acting in good faith to be neutral.

Ramsey: If this motion does pass, we need to come up with a framework for how we're going to speak to students about this. The Lit should remain completely neutral on the question of leaving, we just want to offer a station for signing signatures

Motion Passes
